Powerful and mobile with battery, electric or petrol engine

Whether as battery driven, with electric engine or operated with petrol, the two wheelbarrow sprayers A 75 and A 130 allow mobile and large-area applications, when it comes to professional spraying for in- and outdoor areas. The pressure can be adjusted continuously from 1 – 10 bar (battery version) or with 4 different pressure levels (electric and petrol version). The units can be completed with a large range of accessories: The optional available long distance, the power or the high distance spraying sets go perfect together.

Configure your unit!

- Two sizes of tanks (75 or 130 litres)
- Three types of pump engines (battery, petrol or electric)
- Three proven spraying settings (long distance, power or high distance spraying set)
- Various range of accessories

Petrol

Convincing performance features!

- Transparent tank with large filling opening
- External suction filter, which can be cleaned easily
- Removable 4.5 litre fresh water tank with spout
- Hose winch with 50 m hose and locking
- Hydraulic agitator, optional to switch on (battery version)
- Optimal center of gravity, due to the low situated tank
