NOTICE: Protect-us Australia Pty Ltd conforms to its chemical description and implied, extends to the use of the product contrary to label instructions or under off-label permits not endorsed by Protect-us, or under abnormal conditions.

Directions for Use: under normal conditions the label when used in accordance with the label intended for the purposes stated on the label.

WARRANTY: No warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of the product under abnormal conditions.

DIRECTIONS FOR USE:

RESTRAINTS

- DO NOT apply to a ground surface which is wet or to areas that are washed.
- DO NOT allow product to directly contact humans, pets, exposed food, food preparation areas or food utensils

SITUATION

- Commercial, Industrial and Residential Buildings.
- German and American cockroaches.

RATE

- Apply as a 3 mm to 6 mm diameter bait spot. Use the larger bait spot for American cockroaches. Apply 12-24 bait spots for a 30 m² treatment area for heavy infestations and 4-8 bait spots for a 30 m² treatment area for light infestations.

CRITICAL COMMENTS

- Inspect perimeters thoroughly and locate all cockroach harboursages.
- Place bait spots as possible to cockroach after the initial treatment. Retreatments should be applied in areas where cockroaches remain or are likely to enter a premises. Protect-us Professional Clear Gel is very stable; it does not harden or lose its attractiveness to cockroaches. Only label refers to the full surface area that the cockroaches are likely to traverse e.g. in a kitchen allow for the full surface area of each bench, cupboard etc.
- Good hygiene is essential in any pest management situation. Encourage the removal of other food materials.
- Do not use chemical sprays near baits.
- In areas of poor sanitation use more bait placements.

RETREATMENT:

In areas of high activity the bait may be consumed and further placements needed. Schedule a second inspection about a month after the initial treatment. Retreatments only need to be applied in areas where cockroaches remain or are likely to enter a premises. Protect-us Professional Clear Gel is very stable; it does not harden or lose its attractiveness to cockroaches. Only label refers to the full surface area that the cockroaches are likely to traverse e.g. in a kitchen allow for the full surface area of each bench, cupboard etc.

NOT TO BE USED FOR ANY PURPOSE, OR LABEL UNLESS, CONTRARY TO THIS IN ANY MANNER, CONTRARY TO APPROPRIATE LEGISLATION

PRECAUTION: Should not be used in areas accessible to children.

SAFETY DIRECTIONS: Poisonous if swallowed. May irritate the eyes and skin. Avoid contact with eyes and skin. Wash hands after use.

CRITICAL COMMENTS

- Inspect premises thoroughly and locate all cockroach harbours.
- Place Protect-us Professional Clear Gel bait spots as close as possible to cockroach harbours.
- Place bait spots into cracks and crevices away from where they are likely to be removed by cleaning programs.
- When placing baits remember that the label refers to the full surface area that the cockroaches are likely to traverse e.g. in a kitchen allow for the full surface area of each bench, cupboard etc.
- Good hygiene is essential in any pest management situation. Encourage the removal of other food materials.
- Do not use chemical sprays near baits.
- In areas of poor sanitation use more bait placements.

RETREATMENT:

In areas of high activity the bait may be consumed and further placements needed. Schedule a second inspection about a month after the initial treatment. Retreatments only need to be applied in areas where cockroaches remain or are likely to enter a premises. Protect-us Professional Clear Gel is very stable; it does not harden or lose its attractiveness to cockroaches. Only reapply baits when the original bait has been consumed.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION

PRECAUTION: Should not be used in areas accessible to children.

SAFETY DIRECTIONS: Poisonous if swallowed. May irritate the eyes and skin. Avoid contact with eyes and skin. Wash hands after use.

STORAGE AND DISPOSAL: Store in the closed, original container in a dry, cool, well-ventilated area out of direct sunlight. Do not dispose of undiluted chemicals on site. Dispose of used containers in a local authority landfill. If no landfill is available, bury the containers below 500 mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

PROTECTION OF LIVESTOCK, WILDLIFE AND OTHERS: Dangerous to fish. DO NOT NOT place baits in locations which are accessible to domestic animals, livestock or birds.
